

Thin Stone Veneers - Antique Oak

Antique Oak Random Thin Veneer

PDF - 01

Product Information

- Antique Oak Thin Stone Veneer is a lightweight real stone product with no added moulds, dyes or colors added that will not chip, fade or crack.
- Antique Oak Thin Stone Veneer comes in rectangular, square and random dimensions with 90 degree corners available for simplified installation.
- Antique Oak is available in select landscape pairings including *ledgestone*, *flagstone* and *build stone* for patios, steps, walkways, water features, rock walls and feature stones.
- Each pallet of thin veneer stone has no waste rock added, ensuring that each pallet consists entirely of useable rock. The result is less stone needed, which saves material costs, hauling fees, installation time, hassle and money.
